# **HISTORICAL SITES**

## **H1 DARIBA NUNGGALINYA (Old Man Rock)**

-Larrakia sacred site, can be seen from Casuarina beach at low tide.

## **H2 BATTLE SITE & BURIAL GROUND**

-located at the mouth of Rapid Creek, on Casuarina beach, in front of a large fig tree. It was at this site where a battle was probably fought between Alligator River people against the Larrakia and Woolna tribes from the Rapid Creek Mission. This is said to have occurred in the late 1880s.

## **H3 MOUTH OF RAPID CREEK (Opposite Beachfront Hotel)**

- site for bush tucker collection (both plants and shellfish)
- camping site for Aboriginal people
- presence of natural springwater (underground)
- vegetation and trees cut down during war years (1940s) to safe guard against a further Japanese invasion
- site for fishing and trapping crocodiles

## **H4 MANGROVE SITE**

-scraps of metal, barbed wire, star pickets buried in the mangrove mud during the 1940s to thwart a potential Japanese invasion by boat.

## **H5-H7 MANGROVE SITES**

-the damage done to mangroves during Cyclone Tracy is still evident today with some very big dead trees lying on the ground.

## **H8 WATER GARDENS**

-site of Rapid Creek Mission ran by the Jesuits (1882-1891). Larrakia and Woolna people lived on this Mission intermittently during this period.

## **H9 YANKEE POOL, MARRARA**

-a popular recreational site for the armed forces during the servicemen were American personnel based in Darwin. This pool may have been created through the use of dynamite.

## OTHER HISTORICAL SITES

1. **NIGHTCLIFF FISH TRAP** (at the end of Aralia St, Nightcliff rocks).  
-significant site for Larrakia people where they used to catch fish traditionally. It is a rock wall which at high tide is covered by water. At low tide it is exposed. The rock wall is used to trap fish according to the changing tides.
2. **CLIFFS OF THE NIGHTCLIFF COAST**  
-site of rich jungle, caves, bush fowls, many bird species before residential development.  
-Rapid Creek Mission boundaries extended to this point.  
-this was the site of a large garbage chute, used in the war years. (1940s).
3. **MISSION WELL**  
-the site of the Rapid Creek Mission Well is located in Earl Place, Millner.
4. **MISSION BUILDINGS**  
-the main buildings of the Rapid Creek Mission (1882-1891) were located on the corner of Ryland Road and Pinder Street, Millner.
